PROFILE

A highly creative design and technology student with a good understanding of business practices. I am a team player with exceptional interpersonal and presentation skills. I have extensive knowledge of Adobe Creative Suite and programming experience with Java, Javascript, XML, HTML, and CSS.

UX/UI DESIGN

UX DESIGNER (WEB & MOBILE)   2018
ECHOO LAB | WORK EXPERIENCE

- Created conceptual diagrams, wireframes, and mockups to effectively communicate high-level design strategies and user interactions
- Worked with a technical team by fostering a shared understanding of the customer-centric intersection between design, business, and technology
- Composed user test plans and conducted testing for web and mobile

VISUAL DESIGN

LOGO DESIGN   2017
NEURO-DETECT | WORK EXPERIENCE

- Designed and implemented two logos using Adobe Photoshop for a University of Calgary research lab
- Improved brand identity through use of logos on their website and twitter feed
- Delivered timely changes to logos when client proposed new ideas

VOLUNTEER

Assistant Instructor
Faulks Jiu-Jitsu
2015 - 2018

Set-up & Interaction
Potts' Haunted House
2010 - 2015

Greeter & Floater
Golden Spike Days

PROGRAMMING

WEB DEVELOPMENT & DESIGN   2017-2019
ONLINE PORTFOLIO | PERSONAL

- Developed a multimedia portfolio website to showcase my design and programming knowledge using HTML, CSS, and JavaScript
- Implemented multiple pages, interaction, and self-made graphics
- Utilized a bare-bones template for development efficiency

ANDROID APPLICATION   2017
GROCEREASY | ACADEMIC

- Programmed a grocery shopping themed to-do list Android application utilizing Android Studio using Java and XML.
- Integrated Google API for GPS location, SQLite Databases, and phone sensor access for shake-detection to launch activities
- Created a clean UI theme and logo to showcase the app's purpose

MOTION GRAPHICS

KINETIC TYPOGRAPHY   2016
THE FRESH PRINCE | ACADEMIC

- Created a motion graphic animation that combined the use of sound, text, and visuals to communicate emotion through composition
- Utilized Adobe Illustrator to create the slide design and placement
- Utilized Adobe AfterEffects to implement the slides and create the typography movements

CUSTOMER SERVICE

CAST MEMBER   2012 - 2015
SILVERCITY & VIP CINEMAS | WORK EXPERIENCE

- Worked in a fast-paced movie theater environment
- Interacted with a high volume of guests while providing quick and exceptional customer service
- Acquired strong team communication and problem solving skills
